

# COMMUNITY CENTER

## OUR JOURNEY

U.D.T.J. was founded by young activists who wanted to be the change they wished to see in the world. Four years of initiatives/programs later, we have taken the next step!

## OUR VISION

The Center connects people to resources & services, improves accessibility, empowers our youth, and provides a safe space for those on the intersection of multiple identities.

## OUR MISSION

We seek to end systemic inequalities through events, direct service, and programs following our core values of understanding, devotion, taking action, and justice.

A safe space for the LGBTQIA+, BIPOC, and underserved youth in Delaware County to find community, resources, services, and empowerment!

Tues - Sat: 10am - 6pm  
Sun - Mon: Closed

## ABOUT US

U.D.T.J. has a passion for advocacy, activism, and a sense of community. Since 2020, our organization has been on the forefront of local social and criminal justice battles, founded Delaware County Pride, launched Upper Darby Mural Arts, served the unhoused at our monthly outreach, and provided for families in-need during the holidays with our Holiday Assistance Program.

## WHY CHOOSE US?

Our center has built a reliable reputation with our marginalized communities through our activism. As a result we are able to effectively build the bridge between resources and those who need it.

### Resources

The center serves as hub for information, resources, services, and direct support for multiple marginalized communities.

### Community

Our cultural and social events, physical space, support groups, and more help reduce isolation and foster group formation.

### Empowerment

Our leadership development and mentorship programs improve the safety and future of our youth through skill development and diversionary initiatives.
